MEMORANDUM

TO: Members of the 1991 General Assembly

FROM: Terrence D. Sullivan, Director of Research

RE: 1990-91 Interim Studies and Statutory Legislative Commissions and Committees

This publication comprises commissions, committees and agencies authorized to conduct temporary studies by the 1991 General Assembly together with permanent legislative commissions or committees. It is designed to lead the legislator or other interested person quickly to basic information about the makeup of studies and statutory legislative commissions and committees. The booklet is organized alphabetically by subject matter with an alphabetical Table of Contents and an alphabetical Index.

Each subject contains, as applicable for the study, the statutory authority, who is to make the report, when the report is to be made, for commissions or committees, the members and the staff, and for state agencies--the contact person. Also included, where applicable, is known explanatory information--for example that the particular study was authorized but not funded.

Ms. Debbie Dixon and Mrs. Shirley Wallace were instrumental in developing this publication. Additional copies are available in the library in the Legislative Building as well as the Legislative Office Building.

I hope that this publication proves of use to you in the upcoming session. If you have suggestions for this booklet's improvement, I would appreciate your sharing them with me.
